Re: Site Plan Review for Steeple Project at Ascension Lutheran Church, 2911 Libal Street

Date: November 19, 2013

Attached is the Site Plan Review Packet for the Ascension Steeple Project. Please review for the meeting.

Also FYI the Board of Appeals did approve a height variance for the steeple of 33.5 ft. The total allowable height of the steeple is 68.5ft.

Plan Commission is asked to make a recommendation in regard to Site Plan Review for the Ascension Steeple Project.
