Re: General Discussion on Our Zoning Code

Date: March 17, 2014

The board asked for this to be placed on our agenda at our last meeting. Please bring your zoning code with you to the meeting for our review and discussion.

I will plan to do a brief overview of the code and answer any questions. The Plan Commission is then asked to think about where you want to go from here, in regard to the code. At our last meeting there was a request for a general presentation in regard to the structure of the code and the good and bad things about our code.

Please think about how you would like to proceed on this project?
