My family and I (all seven of us!) have lived in Allouez for the past seventeen years. We're supporters of local recreation and are frequent patrons at our local parks and on our trails.

I've worked in the military, manufacturing, and information technology management for the past 25 years. I have experience in short-term and long-term planning, financial/budget management, project management, plan execution in resource-constrained environments, and working with a variety of people and organizations to achieve a common goal.

I would welcome the opportunity to serve on an Allouez village committee!
