Re: FAÇADE IMPROVEMENT FUNDING FOR GREGG EMMEL – 1541 RIVERSIDE DRIVE, GREEN

BAY, WI 54301

Date: August 12, 2014

The village has received an application for the Façade Improvement Program from Gregg Emmel, 1541 Riverside Drive. Mr. Emmel is requesting a grant to help fund his project. Attached is the application and materials related to the applicant's project. Below is a summary of the project, which includes the scope of work highlighted in the estimates sent via email.

Scope of Project:

- Front and side wall repair, tuck-pointing, grinding, block removal and repair
- White roll-up door repair replace panels, hardware, locks, springs, and cables
- Repair and replace three entryway doors and doorjambs
- Refurbish two cemented in windows (The windows are where the estimates vary in both cost and design. Mr. Emmel will go with one of the window estimates. He would like to go with a six-pane window design for each window if possible quoted by both Tri City Glass and Door and Green Bay Glass, Inc.).

Estimated Project Cost: \$8,400 - \$11,280

Requested Assistance: \$4,200 - \$5,640 in grant funds

The project will have to comply with all applicable village zoning and development requirements — this includes ensuring that all entryways are accessible and up to code, be completed within one year of grant approval, and be completed after receiving Village Board approval to be reimbursed.

The Village Board is asked to review the project and determine whether or not to allocate funds to reimburse for up to 50% of the project estimate.
