Re: APPROVAL OF APPROACH TO BICYCLE AND PEDESTRIAN PLAN

Date: February 18, 2015

The Allouez Department of Public Works is interested in creating a Bicycle and Pedestrian Plan, which encompasses all of Allouez. DPW has asked if the Plan Commission would be willing to assist in the project and if so, in what capacity. At the January meeting, the Plan Commission discussed the possibilities of having the full commission work on the project or recommending the Village Board create an ad hoc committee for the project. The Plan Commission asked staff to gather information relating to traffic incidences, bus routes, and neighboring community approaches for further discussion at the February meeting.

Attached is the following:

- The approaches of other Brown County communities
- WisDOT traffic counts for Allouez
- Green Bay Metro Bus Route of Allouez

Plan Commission is asked to review the information and discuss the approach the commission wishes to take for the bicycle and pedestrian plan.
