Re: Resolution 2015-03; Authorize Funding for the Resch Family East River Trail

Date: March 17<sup>th</sup>, 2015

---

## Background Information:

The Parks Department is seeking approval to apply for state and federal grant funding to complete the reconstruction of the Resch Family East River Trail in Green Isle Park. As a stipulation for the grant application process, the Village must pass a resolution authorizing funding for the project.

This portion of the project was removed from the previous trail reconstruction project due to lack of funding in 2014. At that time it was recommended to apply for funding in 2015 for the portion of the trail that was removed from the 2014 project.

The anticipated cost estimate to complete this phase of the trail project is \$370,000 which must be budgeted for upfront with the expectation to receive half of that back in grant reimbursements. We will be applying for a 50/50 state or federal trails grant through the Wisconsin DNR. We have utilized this funding process many times in the past including the first phase of the Resch Family East River Trail reconstruction last year. The application deadline for these grants is May 1<sup>st</sup> annually.

## Previous Information/Action:

The Village Board previously agreed to move forward with applying for funding for the remainder of the trail at the June 24<sup>th</sup>, 2014 meeting.

*"Vanden Avond / Gast moved to go ahead with the trail project from the bridge southward having Lange do the purchasing of products to save money (taxes) and with the balance of the project costs for that area coming from the general fund and that we move forward with applying for funding for the rest of the Green Isle trail portion for next year. Motion carried."*

## Budget Item/Funding:

This item will need to be funded for in the 2016 Capital Budget at an estimate of \$370,000.

Staff Recommendation:

Village staff recommends the Village Board approve Resolution 2015-03.
