 Re: Street Department Snow Plow Truck Purchase 2015
 Date: May 13, 2015

The 2015 Public Works budget included replacing vehicle #91 - 2000 Sterling Plow Truck at a purchase cost of \$165,000 less the trade/sale price of the used vehicle. The used vehicle will have served approximately 15 years by the time it is replaced.

Listed below are the bid prices for a replacement plow truck.

<u>Chassis</u>	<u>Bid Price</u>
Peterbilt	\$87,650.00
Mack Truck (demo unit)	\$103,196.00
(new unit)	\$93,784.00
Kenworth	\$91,328.00
Western Star	\$88,914.00
<u>Plow/Box</u>	<u>Bid Price</u>
Truck Equipment	\$60,940.00
Casper's (demo unit)	\$65,827.00
Olson's Body	No bid

It is recommended that the Peterbilt chassis with the Truck Equipment plow and box assembly be purchased at a price of \$148,590.00. This bid (and all of the other bids) include a 5-year warranty on the engine and off-gas treatment system, and a stainless steel box. This is the same as our last plow truck purchase.

We will solicit bids for the used truck for its sale at the time of delivery of the new truck.

It is recommended that this truck be purchased.
