I have been an Allouez resident for over 10 years and a planner for the Bay-Lake Regional Planning Commission for 14 years. I manage the environmental and hazard mitigation programs at the RPC. I work with local and county governments in Florence, Marinette, Oconto, Brown, Door, Kewaunee, Manitowoc, and Sheboygan counties on various natural resources and community planning projects, and grant writing and administration. I also work with state and federal agencies to promote sustainable planning and smart growth initiatives. I have a Master's Degree in Environmental Science and Policy with an emphasis in Environmental Planning from the University of Wisconsin - Green Bay.
