Village of Allouez
1900 Libal Street
Green Bay, WI 54301

Village Board:

I am writing for your consideration to add to Palette and Pub's current liquor license, an outside dining area where patrons could also drink alcohol. It would be located in front of Palette and Pub on the sidewalk. The sidewalk is 8' deep overall of which 5' would be used for a dining area, leaving 3' for pedestrians to walk through. The dining area would be fenced in and supervised by Palette and Pub staff to ensure patrons did not leave the dining area with alcohol. We anticipate placing 4 - 6 bistro tables with seating in the area to facilitate less than 15 people.

I am requesting this as a means to enhance my business in the summer months when revenue is typically less to ensure the continued success of my business.

Thank you for your consideration.
