Village of Allouez
1900 Libal Street
Green Bay, WI 54301

Dear Village Board,

I am respectfully requesting the extension of my premise for permission to serve alcohol on the outside dining deck. The deck is a raised platform with a roof attached to the west side of the building on the lower level with railings to code and will provide outdoor seating for dining and entertainment. Please let me know what information you will require from me to do so. I appreciate your time and consideration for my request. I look forward to many wonderful sunsets on the deck of the Riviera Bar and Grille!

Sincerely,

Mari O'Brien
