The Consolidation Agreement between the Village of Allouez and the City of Green Bay for fire services is entering its 5th year of a 15 year agreement. The 5th year is the last milestone year in the agreement as the contract remains unchanged for the next 10 years.

The agreement calls out in the 5th year the Village is to transfer ownership of all vehicles and equipment listed in Addendum B to the City of Green Bay. I am bring this to your attention as this will take some signing over of titles and making sure the necessary insurances are being added or deleted.

Assistant Chief Goplin will be attending the meeting and will be available for questions. I am also attaching a copy of the agreement for your review.

Thank you and should you have any questions, please feel free to contact me.
