State any background information about yourself that you feel is appropriate and state your qualifications for serving on the committee/board/commission upon which you are desirous of serving.

I'm currently working at Somerville Architects and Engineers as an Architectural Project Manager. I just recently moved to Green Bay from Janesville WI and I purchased a house on St. Francis Drive. I'm looking to volunteer to get connected in the community with which I live. While in Janesville, I served on the Historic Planning Commission for 3 years and was the chair of the committee for the last year of my term. I'm looking to join Current in Green Bay and as such would only like to join one committee, but listed a few in case there is more of a need for volunteers with one versus the other. As an architectural project manager, I am familiar with the plan commission process as I've had to present in front of several throughout my professional career. I'm most interested in this position, because of the direct involvement in the future development of Allouez. I do not have a lot of experience in economic development; however, I would be interested in learning for the same reason. Please let me know if you have any questions. Thank you!

I have been a resident of the Village of Allouez since 2009. I have always had a strong desire to make certain that all governments are highly ethical. I also try to teach my children the importance of doing the right thing, even when no one is watching. I would also like to be more involved in my community.
