

DRAFT

*Future Allouez*

*We urge Governor Scott Walker and the State of Wisconsin Legislature to decommission and sell the Green Bay Correctional Institution (GBCI). We seek your support by signing your name, date and place of residence below.*

*The Village of Allouez, Board of Trustees support the decommissioning of the 120 year old Green Bay Correctional Institution (GBCI) and the ultimate sale of the 50 acres of prime real estate for the historically sensitive redevelopment of this structure and property. The property offers many opportunities for the Village of Allouez and surrounding communities in regards to job creation, economic growth and expanding the tax base (estimated \$80 million) to help fund the necessary road and infrastructure repairs. GBCI is at 145% capacity and is earmarked to receive \$22.2 million dollars in improvements from the 2017 – 2019 Wisconsin state budget along with nearly \$200 million in capital upgrades over the next 10 years.*
