2019 Street Reconstruction Project Bid Results

Due to the size and estimated cost of this year's street and utility reconstruction project, the work is being bid under two separate street reconstruction projects, AL-2019-01 and AL-2019-02. The street and utility work being bid under each project is as follows:

AL-2019-01

- Oakwood Ave. – Greene Ave. to Allouez Ave.
- Oak Hill Dr. – Beaumont St. to Oakwood Ave.
- Summit St. – Beaumont St. to Oakwood Ave.

AL-2019-02

- Longview Ave. – Delahaut St. to Libal St.
- Summit St. – Beaumont St. to Oakwood Ave.
- St. Joseph St. - Riverside Dr. to Webster Ave.

Bids for the AL-2019-02 and AL-2019-01 street and utility projects will be opened on the 5th and 10th of April respectively. The bidding results for each project will be provided at the meeting for review and approval. Recommendations for the award of the contracts will be made to PWC members at the meeting.

Weather dependent, construction is likely to begin on both projects early in May. Work by the private utility companies to relocate their facilities in conflict with the street and utility work has already started. The Parks Department has also started removing branches and trees in conflict with the project as well.
