

Memo

To: Village Board

From: Chris Clark, Director of Parks, Recreation, & Forestry

Re: Replacement of Playground Equipment at Langlade Park

Date: November 5, 2019

Background Information:

The playground equipment at Langlade Park is over 20 years old and in need of replacement. The typical life span of playground equipment is 20 years. This item is listed in our CIP for replacement in 2019 at a cost of \$35,000. This cost would include a play structure, swings, concrete sidewalk, and surfacing.

Each year we receive playground year end sale brochures from playground vendors. The department would like to purchase a 2-12 year old play structure in the price range around \$20,000 or less and a separate two bay swing set which is less than \$2000. Concrete perimeter sidewalk and wood surfacing would be another \$3500, for a total cost less than \$25,500.

The department would purchase the play equipment this fall and village staff would install in the summer of 2020 to lower costs.

Because of the close proximity to Langlade School, which has two play structures geared toward school age children, we would recommend installing a play structure that would be appropriate for younger children (2-12 y.o.).

Staff performed a public survey to determine which play structure they would prefer. The survey had 69 responses with a little over 46% choosing option #4. The next closest was option #1 at 36%.

Previous Information/Action:

The Parks, Recreation, and Forestry Committee recommended the purchase of play equipment option #4 and swings from Northland Recreation.

Budget Item/Funding:

This item was budgeted for in the FY 2019 Capital Improvement Budget at \$35,000 for equipment, surfacing, walkway.

Staff Recommendation:

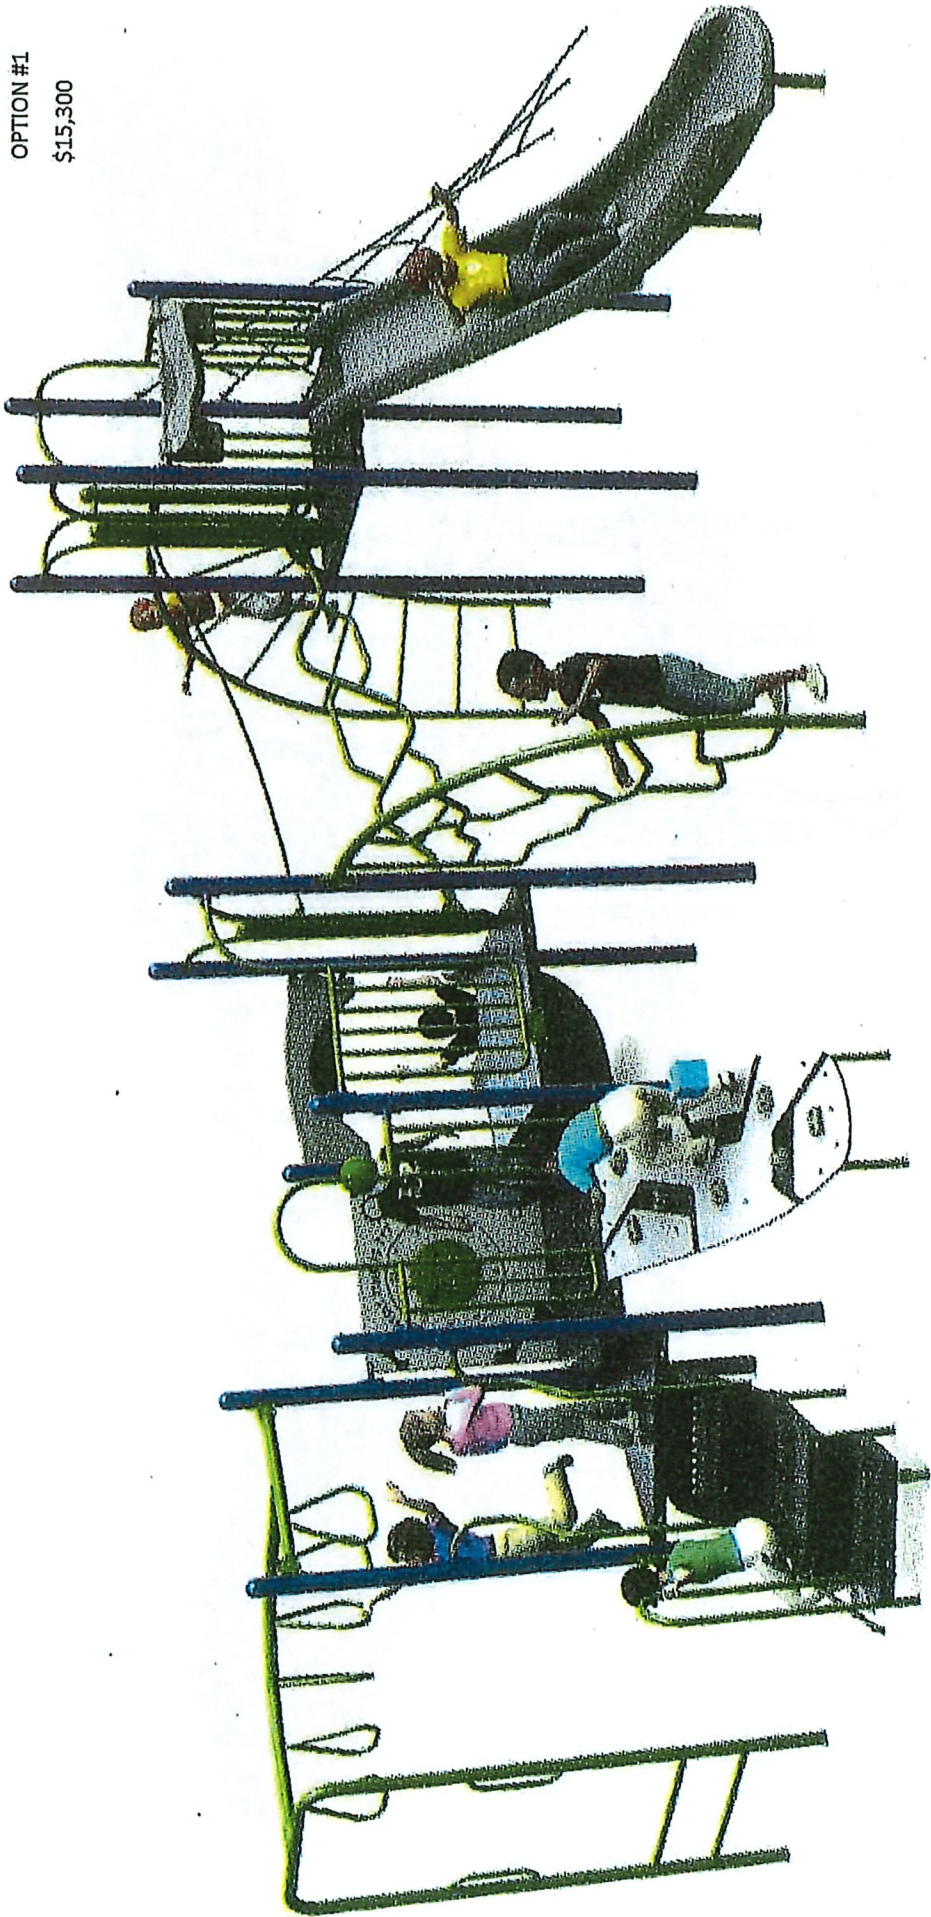

Staff recommends purchasing the playground equipment for Langlade Park as recommended by the Committee.

Agenda Item Number _____

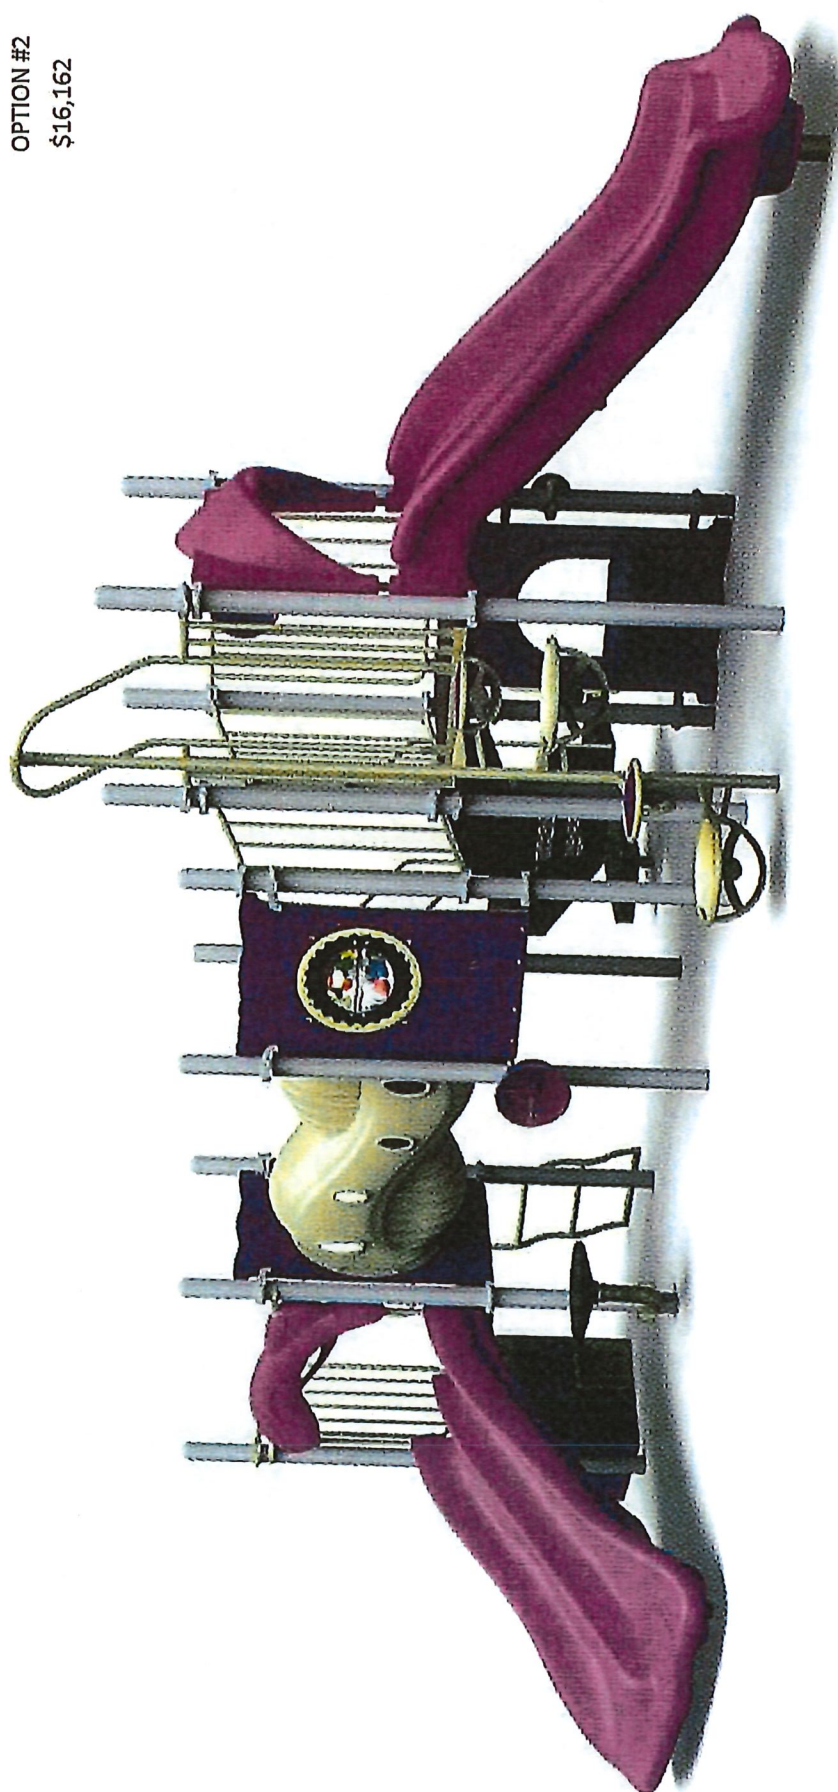

Attachments:

- Playground structure options
- Public Survey Results

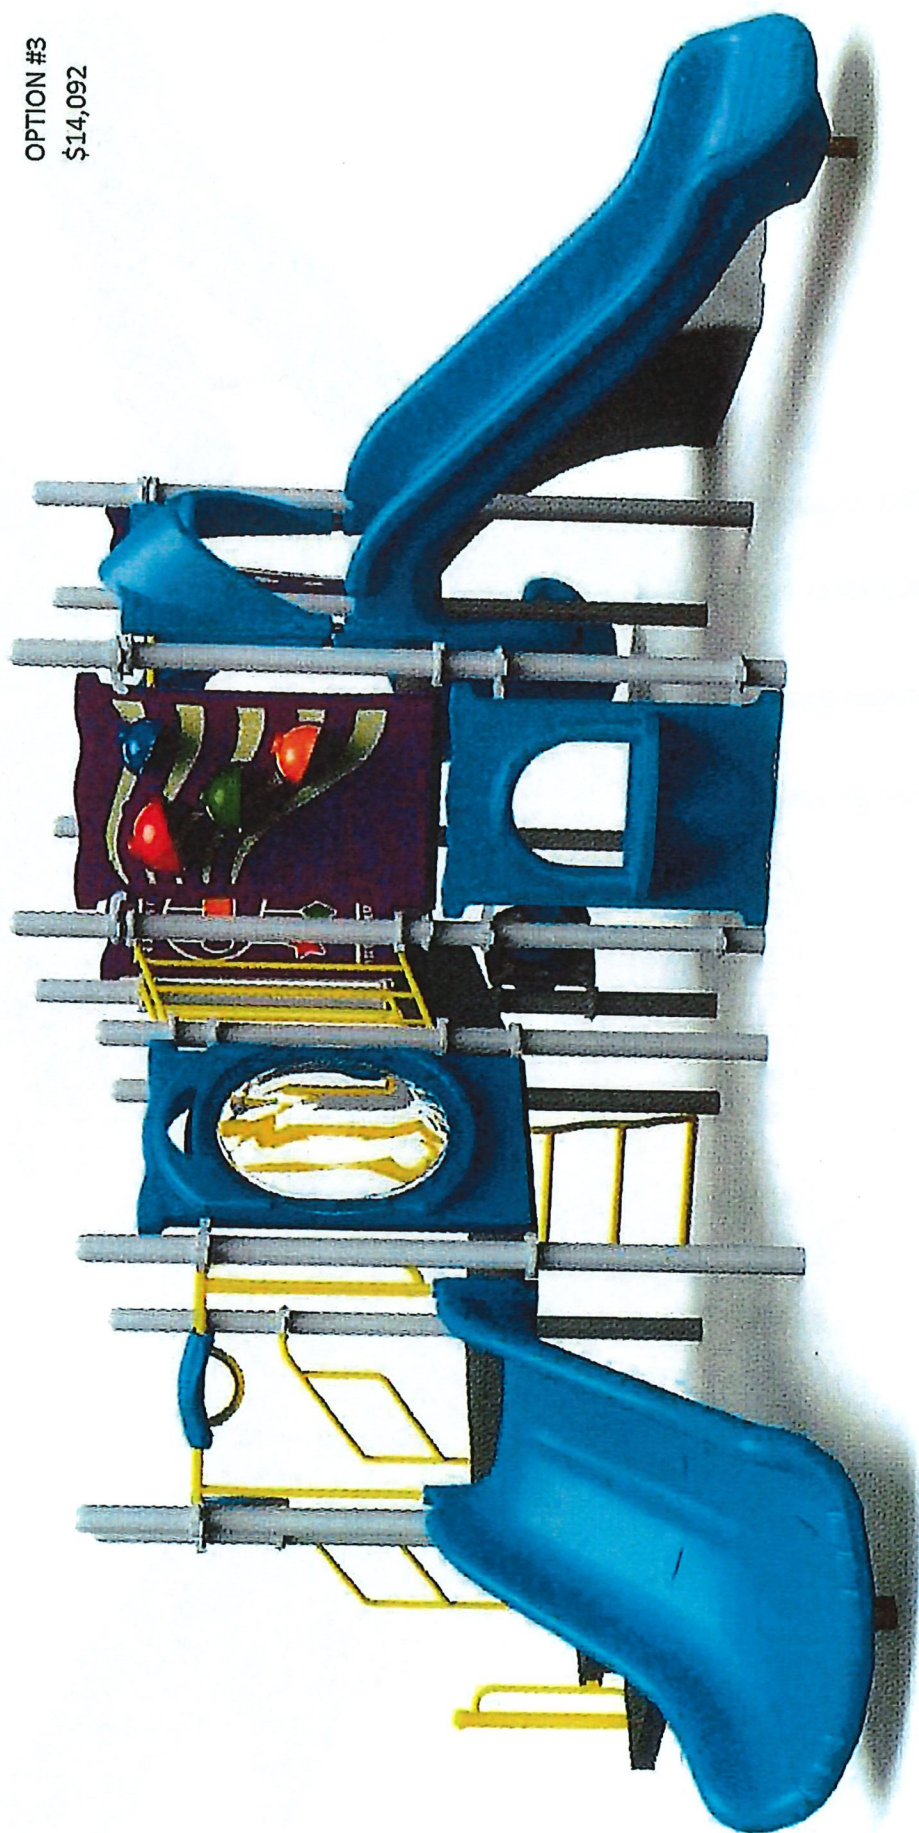

OPTION #1
\$15,300

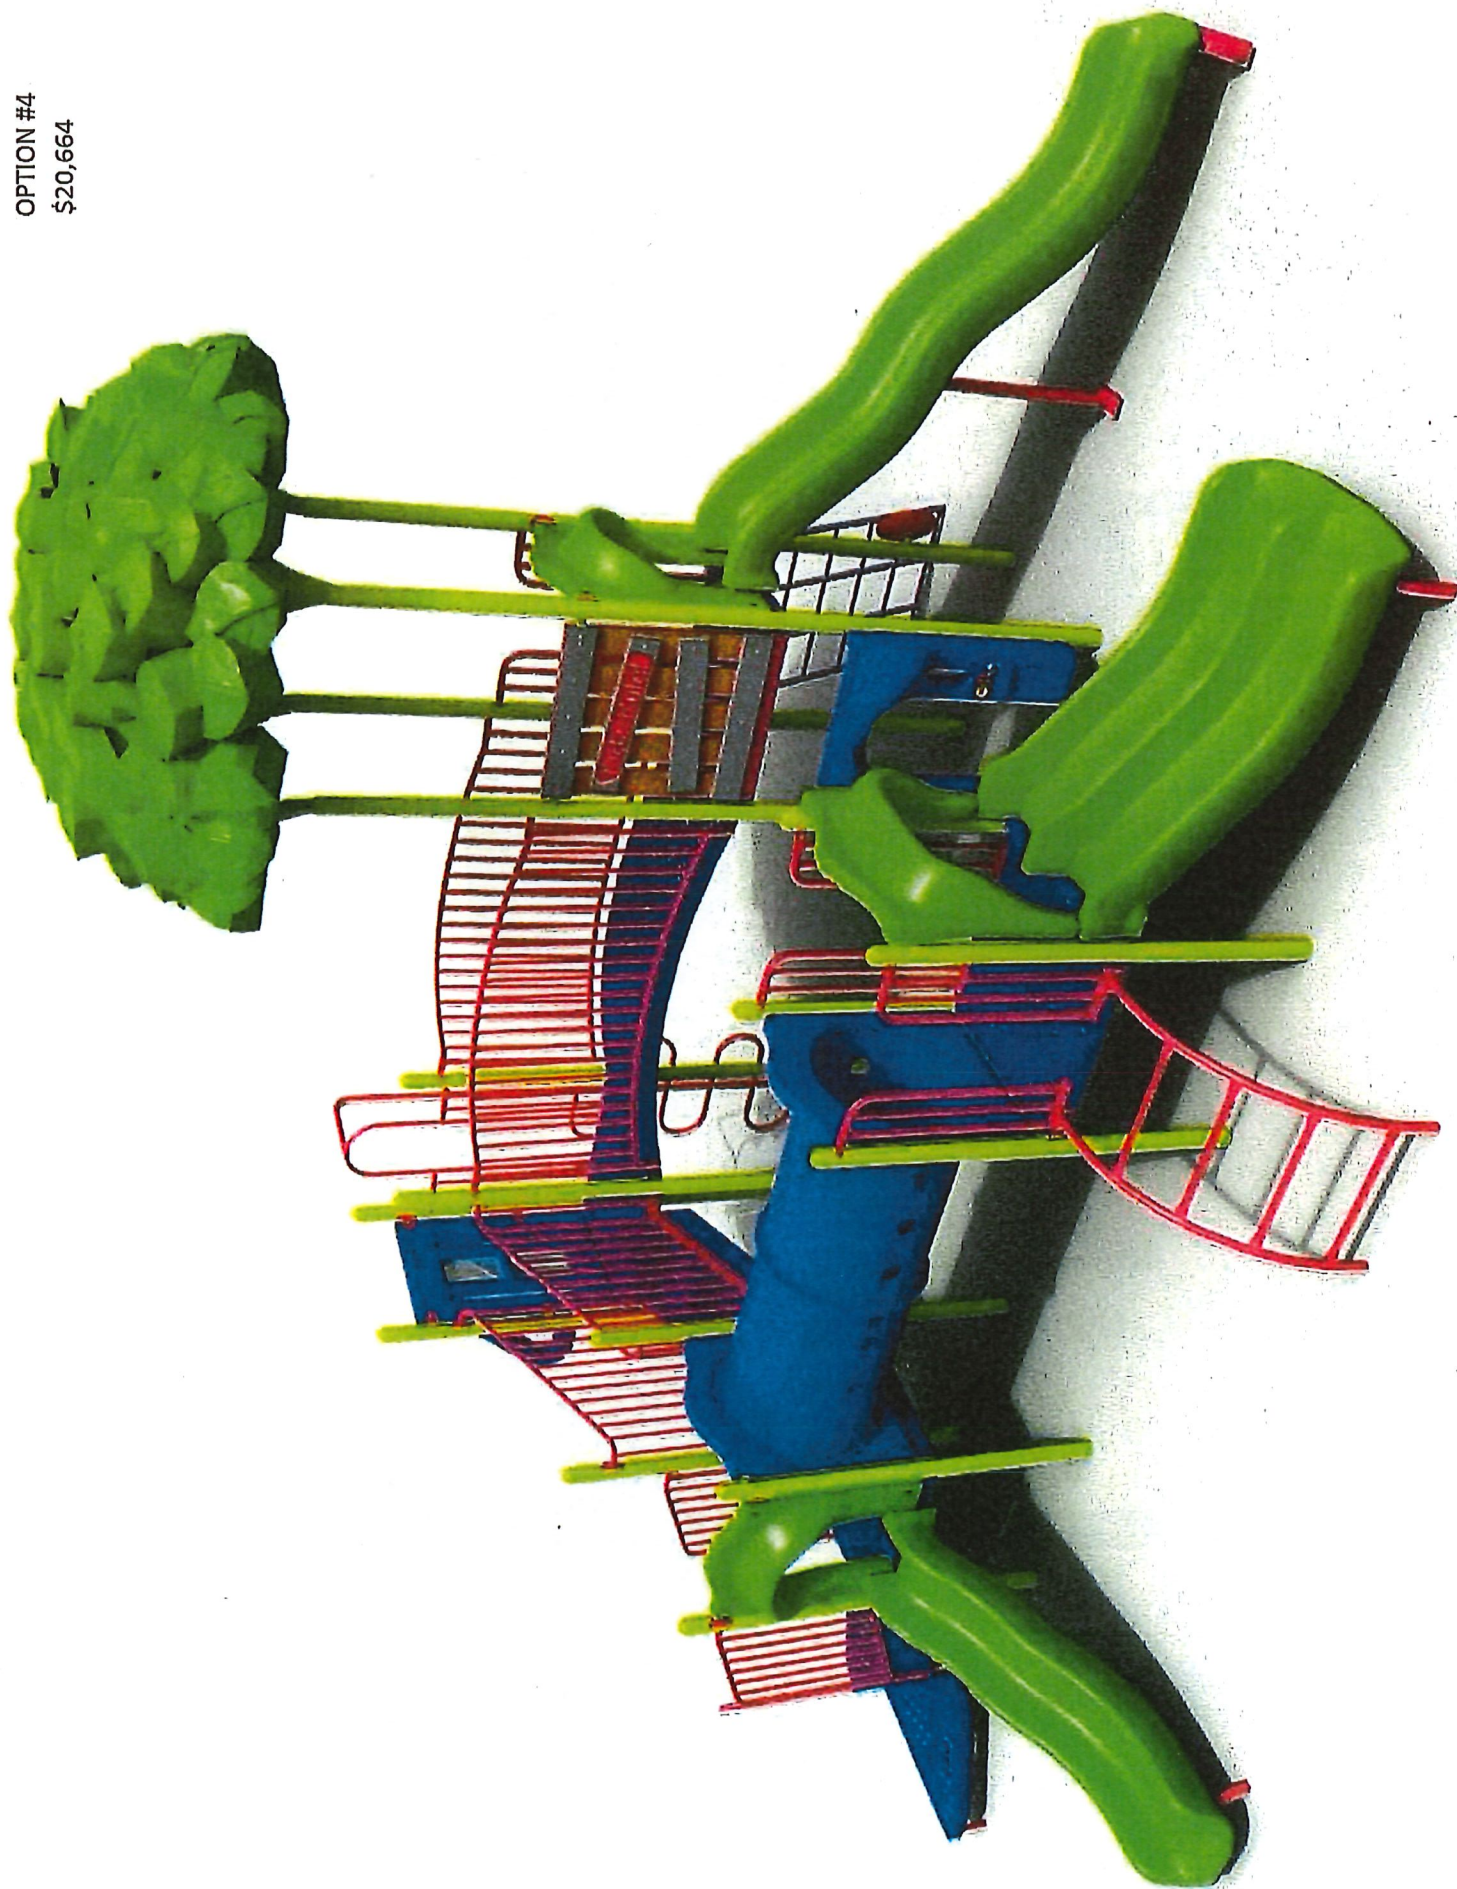

OPTION #2
\$16,162

OPTION #3
\$14,092

OPTION #4
\$20,664
