Re: RE: PETITION FROM SKB TERRACE LLC – REQUESTING CONDITIONAL USE PERMIT APPROVAL FOR TWO, NINE-UNIT APARTMENT BUILDINGS ON PARCEL AL-125-8, ZONED COMMERCIAL DISTRICT, AND LOCATED AT 3241-3245 RIVERSIDE DRIVE (former Town & Country Supper Club site)

Date: 12 December 2019

A Conditional Use Permit (CUP) has been requested by SKB Terrace LLC to allow for apartment buildings on parcel AL-125-8, located at 3241-3245 Riverside Drive. The parcel is currently zoned Commercial District, which allows for multi-family residential use as a conditional use.

Included is an exterior picture, an aerial photograph of the existing property, and a conceptual site plan. The property owner intends to construct two, nine-unit apartment buildings on the vacant lot. The residential development cannot proceed without being granted a conditional use permit.

Any site improvements (i.e. building plans) and future additions will have to go through the Site Plan and Design Review process and be consistent with the applicable zoning requirements for “Commercial District” and “High-Density District.”

Sections 475-19 and 475-58 of the village ordinances require the following standards for granting a Conditional Use Permit.

Section 475-19E(3): Apartment buildings, multiple dwellings, and residential condominiums for three or more families.

- (a) Standards will comply with the regulations of the High Density District, unless otherwise mentioned in this section.*
- (b) Off-street parking requirements shall be complied with for each class of use; see Article IV for required spaces.*
- (c) Accessory structures, including detached garages, shall not be visible from the primary fronting road.*

- (d) *Front and side yard requirements shall conform to the Commercial District standards, but shall not be applied to nonconforming buildings.*
- (e) *The floor area ratio shall not exceed 1.25.*

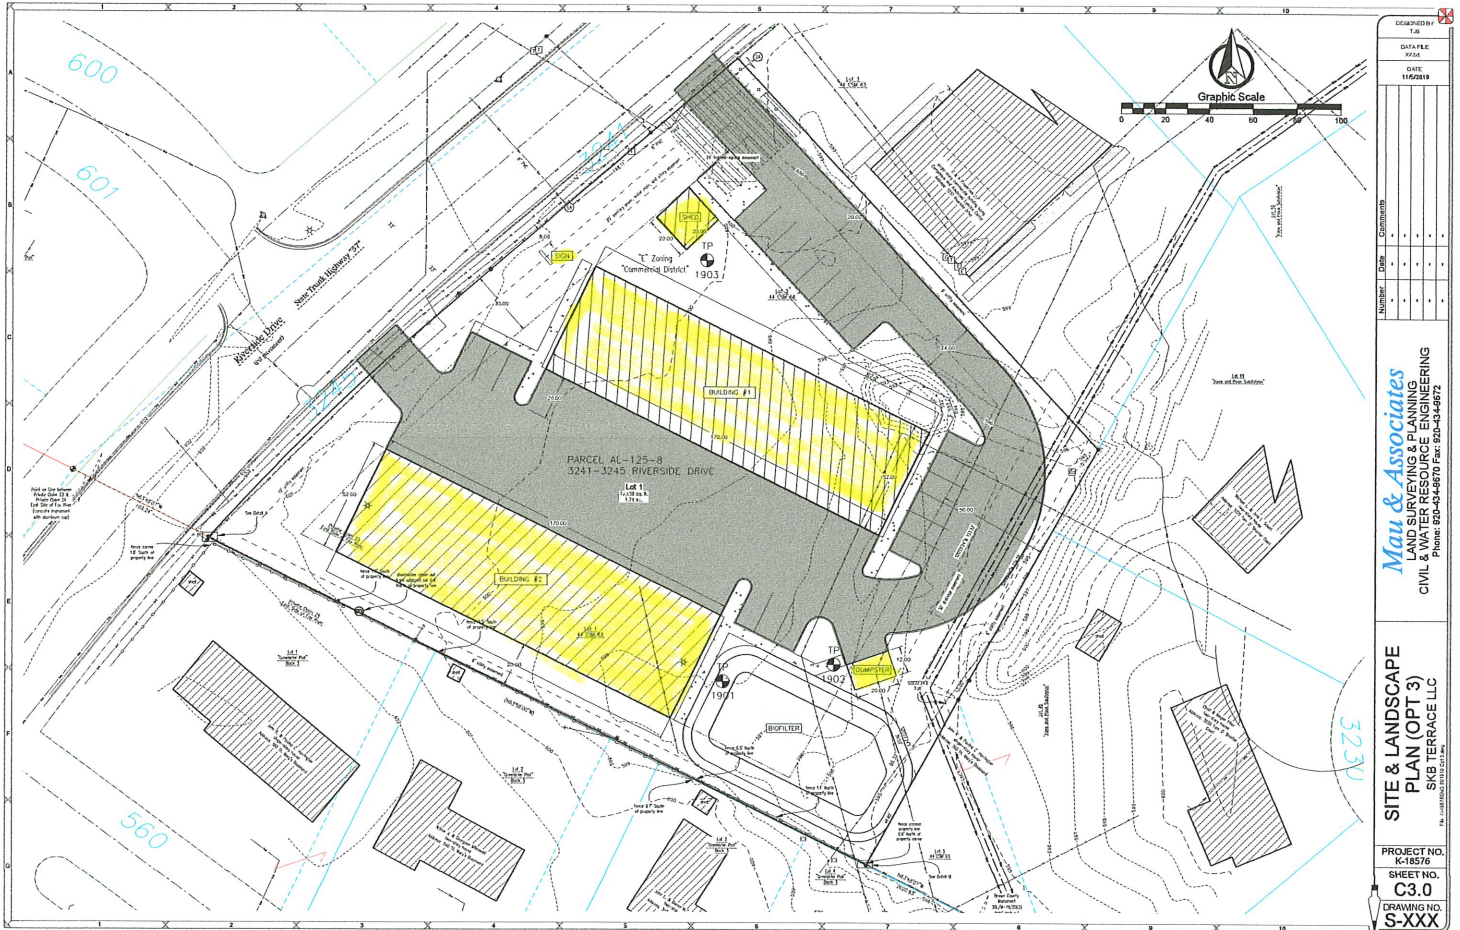

Section 475-58: Standards.

- A. *The establishment, maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare;*
- B. *The conditional use will not substantially reduce the use and enjoyment of other property in the immediate vicinity for the purposes already permitted and shall not substantially diminish or impair property values within the neighborhood;*
- C. *Adequate facilities, access roads, drainage, parking, and any other necessities have been or are being provided;*
- D. *Adequate measures have been or will be taken to provide ingress and egress so designated as to minimize traffic congestion in the public streets; and*
- E. *The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.*

Staff has reviewed the proposed application and recommends approval, assuming parking needs can be met.

Plan Commission reviewed the petition at the December 16, 2019 meeting. **The Village Board is asked whether or not to schedule a public hearing and take future action.** The earliest date for a public hearing would be January 7, 2020. Additional information will be presented at that time.
