

Memo

To: Plan Commission, Village Board

Fr: Trevor Fuller, Planning and Zoning Administrator

Re: DISCUSSION RE: BICYCLE AND PEDESTRIAN INITIATIVES RELATED TO ROAD PROJECTS

Date: 23 April 2020

The Plan Commission asked to discuss bicycle and pedestrian initiatives in the village at the February meeting. The intention was to review how/when new bicycle and pedestrian facilities are constructed and to recommend a formal policy. The Village of Allouez Comprehensive Bicycle and Pedestrian Plan recommends that new facilities are constructed at the time the adjacent road is reconstructed, for both convenience and cost efficiencies (mobilization and engineering).

The Plan Commission is asked to discuss this policy further and provide staff with further direction.
