2021 STREET RECONSTRUCTION INSPECTION AND STAKING SERVICES

The Village of Allouez Public Works Department has received a number of proposals from consultants for assistance with the construction inspection (1 full time inspector) and staking of this year's Street and Utility Reconstruction Projects. The street and utility reconstruction projects consist of the removal and replacement of the existing pavement, public utilities (storm sewer, sanitary sewer and watermain), renewal of the existing laterals, and possible construction of new sidewalk. The street and utility reconstruction projects are as follows:

AL-2021-01

- Beaumont St. (E. Greene Ave to Mission Avenue)
- Kalb Avenue (Libal St. to the Termini)

AL-2021-02 (Village Board to take action on the project bids on April 12th, 2021)

- Roselawn Blvd. (Riverside Dr east ± 1400 ft)

In general, the scope of construction services consists of providing field construction observation, construction staking services and the preparation of record drawings. The consultant to provide a project inspector full-time in the field during the construction of this year's street projects (approx. 5 months). The hired inspector will be assigned to the AL-2021-01 project, however assistance with the AL-2021-02 may be necessary at times.

A cost breakout of the construction inspection and staking proposals will be provided at the time of the meeting.

Suggested Motion.

Move to approve construction inspection and staking services as recommended by the Public Works Committee.
