Phone No.: (920) 448-2800 • Fax No.: (920) 448-2850

Department of Public Works

NOTICE TO RESIDENT

March 25, 2022

The Village of Allouez will be resurfacing the following streets listed below and weather permitting are hoping to begin as soon as the end of April

Rustic Oaks Court -- Kalb Ave to Termini
Michael Court -- Hoffman Rd to Termini
Patrick Court -- Hoffman Rd to Termini
Gwynn Street & Jenkel Terrace -- Libal St to Lebrun St
Hastings Street -- Webster Ave to Irwin St
Dauphin Street -- Webster Ave to Libal St
Kenney Street -- Clay St to Delahaut St

A street resurfacing project involves the removal and replacement of the asphalt surface as well as defective sections of curb & gutter and driveway aprons. A painted "X" on the curb and/or driveway apron in front of your home indicates that it is scheduled to be replaced. Markings will take place the beginning of April and ahead of the start of the project. Once work begins on your street it should be completed within 30 days. The work will not be assessed to the property owners, as it is part of our annual road maintenance program.

Property owners with a painted "X" in front of their homes that have any type of landscaping, shrubs, sprinklers systems, invisible dog fences or other decorative items within 5 feet of the back of curb should remove these items before the project begins. Property owners are responsible for the removal of these items and are to replace them at their own expense if desired.

Weather permitting the general contractor, Northeast Asphalt, Inc., anticipates starting the asphalt removal, grading and paving portion of the project the first week of May but the schedule may be adjusted as circumstances change. They will also be responsible for miscellaneous asphalt patching throughout the Village. Jim Fischer Construction, Inc. will be working on the curb & gutter replacement and miscellaneous concrete repairs in the Village. Willems Landscaping will be responsible for the lawn restoration.

During the construction process the Village of Allouez request that you be patient with our contractors. They will do their best to allow you access to your destination but at times it just won't be possible. If you have any questions or comments, I encourage you to contact me in person, by email or by phone.

Thank you,

Sean Gehin, P.E.
